- Start & Stop system
- 13-inch wheels, disc brakes with ABS
- Easy ergonomics
- Underseat storage
- USB-C charger and front pockets
- Smart Key keyless ignition
- Smooth suspension

Join the MAX.

Equipped with a compact new body and powerful dual-eye headlights, the latest generation NMAX 125 is your best possible introduction to Yamaha's legendary MAX Sport Scooter family. Combining dynamic style with outstanding functionality and affordability, NMAX 125 is built for work and play.

If you're new to the world of Sport Scooters you can rest assured that the NMAX 125 is the right choice for everyone from B-license* car drivers through to returning two-wheel riders. Fully automatic transmission means you just twist the throttle and go – and its lively performance and outstanding economy make the NMAX 125 your perfect partner for everyday commuting. (*Limitations and restrictions may apply per country under applicable laws. Additionally, Yamaha recommends all riders to take a motorcycle training course before riding any two or three wheeled vehicles.)

The riding position ensures premium comfort whether you're heading to the office or meeting up with friends – and the connected LCD dash and USB-C charger keep you in touch. With its iconic MAX style, premium quality and exceptional value, the NMAX 125 Sport Scooter offers you more.

Dynamic MAX-inspired design

The NMAX 125 features a dynamic look and premium finish that's inspired by Yamaha's class-leading MAX family of Sport Scooters. The compact bodywork underlines this lightweight scooter's agility and sporty DNA, making it the perfect choice for riders looking to be a part of the iconic Yamaha MAX family.

Dual-eye projector headlights

Yamaha's top-selling lightweight features a more dynamic MAX-inspired headlight design that underlines its position as one of the most attractive entry level Sport Scooters. Featuring distinctive dual eyes, the headlight is equipped with projector high/low beams as well as LED position lamps and integrated LED flashers for a stronger, sportier and more assertive image.

LED taillight

NMAX is equipped with a stylish LED taillight and brake light as well as integrated LED flashers that give this premium lightweight Sport Scooter a dynamic and contemporary look.

125cc EURO5+ engine

Equipped with the latest Yamaha Blue Core technology that ensures minimal fuel consumption, reduced emissions and optimum performance, the 125cc 4-stroke EURO5+ engine delivers strong, smooth and quiet acceleration for easy and enjoyable commuting. Giving a long riding range between fuel stops, this entry level Sport Scooter is perfect for work and play.

Start & Stop system

The NMAX 125's quiet and economical 125cc Blue Core engine complies with EURO5+ regulations, making it suitable for urban low emission zones. And to ensure that this Sport Scooter's carbon footprint is minimised, it's equipped with a Start & Stop system that turns the engine off when you come to a standstill and automatically starts up when you let the brakes off and twist the throttle.

13-inch wheels, disc brakes with ABS

The NMAX is fitted with lightweight 13-inch wheels with a 110/70-13 front tyre and wide 130/70-13 rear tyre that give plenty of traction. And for confident braking there's a 230mm front disc and 230mm rear disc, both equipped with an ABS system that inhibits accidental wheel lock ups on low traction road surfaces.
