

MAX is in details.

The TMAX story began when Yamaha designers decided to create a new kind of scooter offering the speed and roadholding of a motorcycle combined with the convenience and comfort of a scooter. With nearly 25 years of development behind it, today's TMAX Tech MAX is the definitive Sport Scooter.

Yamaha's premium model has led the maxi scooter category for nearly 25 years. And the latest-generation TMAX Tech MAX comes with a sharper looking face and an even more advanced specification that reinforce its status as one of the most desirable, most capable and most stylish high-performance Sport Scooters on the street.

- Electrically adjustable screen
- Heated grips and heated seat
- Rider's aids
- 560cc EURO5+ compliant engine
- Refined body and headlight
- 7-inch TFT screen with Garmin Navigation
- Enhanced connectivity
- Comfortable ergonomics
- Machined wheels
- Lightweight aluminium frame
- Large storage space

TMAX Tech MAX

Whether you're commuting to work, taking a day trip into the mountains or on a long-distance cruise, the 560cc TMAX Tech MAX is ready for anything. Its motorcycle-type chassis gets you there in comfort. And the new Tyre Pressure Monitoring System (TPMS) and rider aids give you a high degree of confidence and control, so you can relax and enjoy every road, every day.

MAX is in details.

TMAX Tech MAX is Yamaha's premium large capacity Sport Scooter with all the features of the TMAX plus more, making it an ideal choice for riders who are looking for the ultimate multi-role high-performance model. Equipped with dynamic new dual-eye headlights and sleeker front bodywork, this iconic machine delivers a riding experience beyond compare.

Its powerful 560cc EURO5+ engine and refined automatic transmission make this Yamaha's fastest and smoothest Sport Scooter. The motorcycle-type aluminium chassis and adjustable suspension provide precision handling. And for supreme comfort, the TMAX Tech MAX comes with a luxury heated seat, heated grips and an electronically adjustable screen.

For the highest degree of controllability, the TMAX Tech MAX benefits from best-in-class electronic rider aids, including a new Brake Control system as well as Cruise Control, Traction Control and 2-position D-MODE. And its connected 7-inch dash features free Garmin Navigation* to give you the best commuting, leisure and touring routes. (*Full map Garmin Navigation is available free of charge for eligible TMAX models but is not offered in all countries. Some navigation features are not available in all countries.)

Electrically adjustable screen

With the highest standard specification of any Yamaha Sport Scooter, the TMAX Tech Max is equipped to provide you with a luxurious ride all year round. Giving 110mm of movement, the electrically adjustable screen enables you to choose the ideal position to suit your physique and riding style.

Heated grips and heated seat

This premium Sport Scooter isn't just one of the best looking two wheelers on the street – it's also built to perform strongly wherever you choose to go. And to underline its genuine everyday functionality, it is equipped with heated grips and a leather-look heated seat that provide you with enhanced riding comfort throughout the year.

Rider's aids

TMAX Tech MAX is equipped with an exclusive Cruise Control system that makes long journeys more enjoyable. Traction Control and Brake Control give added riding confidence on loose and wet surfaces – and the 2-position D-MODE lets you select smooth or sporty engine character options. And the TMAX Tech MAX is now equipped with a Tyre Pressure Monitoring System (TPMS) for added riding confidence.

560cc EURO5+ compliant engine

The TMAX Tech Max is driven by a compact 560cc 2-cylinder engine that produces 35kW, giving smooth and powerful 'twist and go' performance. The latest design is fully EURO5+ compliant, making it ideal for commuting into city centres with low emission zones. A newly designed centrifugal clutch ensures that the fully automatic transmission delivers seamless acceleration – and for quieter low rpm operation there's an improved exhaust.

Refined body and headlight

TMAX Tech MAX is continuously evolving, and the latest generation of this iconic machine features a restyled front end that underlines its dynamic good looks. New dual-eye headlights and position lights – together with redesigned front bodywork – give a more compact and sportier look, reaffirming this legendary model's status as the ultimate multi role luxury Sport Scooter.

7-inch TFT screen with Garmin Navigation

The high-tech 7-inch TFT screen gives you class-leading HMI – a wide range of easy-to-read information, a new meter theme and intuitive control of your TMAX Tech MAX features. Full-map Garmin Navigation* is now completely free of charge through the Garmin Motorize App*. With functionality like traffic, weather and POI's, you'll be fully informed on every journey. (*Full map Garmin Navigation is available free of charge for eligible TMAX models but is not offered in all countries. Some navigation features are not available in all countries.)

Engine

Engine type	4-stroke; Liquid-cooled; DOHC; 4-valves; Parallel twin-cylinder
Displacement	562 cc
Bore x stroke	70.0 × 73.0 mm
Compression ratio	10.9 : 1
Maximum power	35.0 kW @ 7,000 rpm
Maximum torque	55.0 Nm @ 5250 rpm
Lubrication system	Dry sump
Fuel system	Fuel Injection
Ignition system	TCI
Starter system	Electric
Transmission system	V-Belt Automatic
Fuel consumption	4.8 L/100 km
CO2 emission	112 g / km

Chassis

Front suspension system	Telescopic forks
Front travel	120 mm
Rear suspension system	Swingarm
Rear travel	117 mm
Front brake	Hydraulic dual disc brake, Ø267 mm
Rear brake	Hydraulic single disc brake, Ø282 mm
Front tyre	120/70R15M/C 56H Tubeless
Rear tyre	160/60R15M/C 67H Tubeless

Dimensions

Overall length	2.195 mm
Overall width	780 mm
Overall height	1.415 mm – 1.525 mm (electric windscreen)
Seat height	800 mm
Wheelbase	1.575 mm
Minimum ground clearance	135 mm
Wet weight	221 kg
Fuel tank capacity	15 L

TMAX Tech MAX
