

Stop wondering. Start exploring.

Back in the early 1980s Yamaha launched a bike that was to start a whole new movement in motorcycling. With its big tank, rugged engine and versatile chassis, the original XT600 Ténéré made long distance adventures a reality for anyone with the desire to discover new landscapes and different ways of life.

Today the need to discover true freedom is greater than ever. And the Ténéré 700 World Raid has everything you need to take a break from the rat race and see for yourself what is waiting for you beyond the next horizon. Just fill up the dual tanks and you can reach distant destinations without even stopping for fuel.

- 23-litre capacity dual side-mounted fuel tanks
- Flat rally inspired 2-piece seat
- 5-inch colour TFT meter with smartphone connectivity
- 3-mode switchable ABS
- High specification 43 mm KYB front forks, 230 mm travel
- Öhlins adjustable steering damper
- Aluminium piggyback rear shock, long 220mm travel
- High-torque EU5 CP2 engine
- Off-road designed air cleaner box

Ténéré 700 World Raid

Long travel suspension and easy ergonomics with a flat seat/tank area make long distances more comfortable – and when the highway ends this bike's confident off-road handling and high-torque CP2 engine are designed to get you to the most remote locations. The world is waiting for you. So get on your Ténéré 700 World Raid and discover what you're missing.

Stop wondering. Start exploring.

This is Yamaha's ultimate long distance adventure motorcycle that has the power to change the way you explore our planet. Equipped with high capacity dual fuel tanks and long travel suspension that can take you further than ever, the Ténéré 700 World Raid gives you the chance to discover what's beyond the Next Horizon.

Its large capacity 23-litre dual fuel tanks give a range of up to 500 kilometres – making it possible to cross huge areas of wilderness without worrying about running dry. To stay informed and in touch wherever you go, the 5" TFT colour display with smartphone connectivity shows incoming text and call notifications on screen.

Exclusive features include an Öhlins steering damper as well as fully adjustable long-travel front and rear suspension that's designed to handle tough off-road terrain – and the 3-mode ABS gives confidence in all conditions. All this bike is missing is a rider like you who has the courage to break out of your comfort zone and go beyond the next horizon.

Ténéré 700 World Raid

23-litre dual side-mounted fuel tanks

The Ténéré 700 World Raid is equipped with dual side-mounted 23-litre fuel tanks that give a potential range of up to 500 km. Located low on the chassis, this large capacity design centralizes the mass for agile handling. The highest part of the tank sits much lower than on the Ténéré 700 to give a smooth transition between the front of the seat and the tank for easy rider mobility.

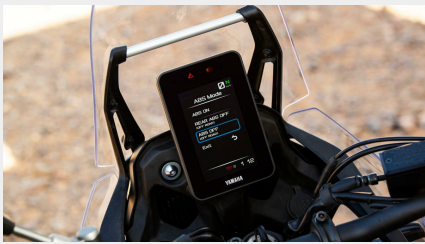

Flat rally inspired 2-piece seat

This design enables the rider to move backwards and forwards with minimal effort when shifting their body weight to maintain control on rough terrain. The ergonomics are suited for both sit down and stand up riding positions. The seat's 2-piece design allows for the easy removal of the rear section to enable the fitment of accessories such as a rack or luggage, while the dual material construction is designed to offer a firm but comfortable ride.

5" colour TFT with mobile connectivity

The 5" colour TFT display offers you three different screen displays – from a contemporary digital design to a more traditional analogue look – and there's also a roadbook style screen with countdown tripmeters. The bike's CCU communicates with the MyRide app so that text messages and incoming call alerts are displayed on the screen, keeping you connected at all times.

3-Mode switchable ABS

3-mode switchable ABS gives you the option to decide exactly how you want your bike to behave on different surfaces. Mode 1 is fully on, with ABS working on both wheels – a legal requirement on public roads. Mode 2 is front wheel on rear wheel off, giving added confidence on loose gravel tracks – and Mode 3 is fully off, giving you ultimate controllability when riding in the dirt.

High specification 43 mm KYB front forks, 230 mm travel

For predictable off-road handling and easy steering the Ténéré 700 World Raid is fitted with 43mm KYB front forks with extended 230mm travel that offers full adjustability for spring preload, as well as compression and rebound damping – enabling you to set them up to match different loads, terrain and speeds. A dark bronze coloured Kashima coating on the outer tubes gives reduced stiction for smoother action, and also offers improved durability and corrosion resistance.

Öhlins adjustable steering damper

Mounted close behind the upper triple clamp, the compact and lightweight Öhlins steering damper provides added chassis controllability – particularly in challenging off road terrain. Its 18 different damping settings allow you to select your preferred level of feel and feedback.

Engine

Engine type	4-valves; 4-stroke; Liquid-cooled; DOHC
Displacement	689cc
Bore x stroke	80.0mm x 68.6mm
Compression ratio	11.5:1
Lubrication system	Wet sump
Clutch type	Wet; Multiple Disc
Ignition system	TCI
Starter system	Electric
Transmission system	Constant Mesh; 6-speed
Final transmission	Chain
Fuel system	Electronic Fuel Injection
Maximum power	54 kW @ 9,000 rpm
Maximum torque	68 Nm @ 6,500 rpm
Fuel consumption	4.3 l/100 km
CO2 emission	100 g / km

Chassis

Frame	double cradle; Steel tube backbone
Front suspension system	Up side down telescopic fork
Front travel	230 mm
Rear suspension system	link suspension; Swingarm
Rear travel	220 mm
Front brake	Hydraulic dual disc, Ø 282 mm
Rear brake	Hydraulic single disc, Ø 245mm
Front tyre	90/90 - 21 M/C 54V
Rear tyre	150/70 R 18 M/C 70V
Caster angle	27°
Trail	105 mm

Dimensions

Overall length	2,370 mm
Overall width	905 mm
Overall height	1,490 mm
Seat height	890 mm
Wheel base	1,595 mm
Minimum ground clearance	255 mm
Wet weight (including full oil and fuel tank)	220 kg
Fuel tank capacity	23.0 litres
Oil tank capacity	3.0 litres
